CHAIRMAN'S MESSAGE

DMI is a union of committed women who have dedicated their lives to serve the poor and the underprivileged unconditionally. Through their services, the DMIs want to create a world where love, peace, equality, justice and brotherhood are ensured for all. The Society of Daughters of Mary Immaculate and Collaborators (DMI) were founded in the year 1984 by Rev. Fr. Dr. J.E. Arul Raj, at Keechalam, a remote village in Thiruvallur District, TamilNadu, India. We are a Society of faith driven volunteers trying to help persons of all status: Men, Women and Children to attain their fullness by being "Fully Human and Fully Alive". Everyone who is involved in the endeavor of looking at the welfare of the whole world with eco-friendly approach towards making this world and Universe at a large, a better place for every one of us through community building, human and nature friendly scientific inventions and innovations could join hands with us. I wish everyone of you to enjoy your association with us whenever you come to use our greater facilities with the greater goal of being Fully Human and Fully Alive, while accepting God our Father as the mentor of all of us

MESSAGE FROM THE PRINCIPAL

I feel incredibly fortunate to be a member of the family of Angel College of Education as its Principal. Our administration combines skill and efficiency with a committed faculty and forward-thinking management. Our college was founded with the goal of developing competent instructors. We have faith in the solid morals and wings that will soar our student-teachers to great heights. We have worked to create a supportive environment for our student-teachers' participation in sports and extracurricular activities. We aim to make sure that every student has access to possibilities since we feel that our student-teachers' needs are diverse and numerous.

ABOUT THE WORKSHOP

Educational psychology is to improve the effectiveness and efficiency of learning processes and situations. It describes learning methodologies, the educational process, and how student-teachers learn differently while also introducing the student-teacher interaction. It covers issues like laws, principles, and theories of learning, remembering, forgetting and other items related to the nature of learning and how it works.

Education is the holistic growth of the learner, including the student-teachers' cognitive, affective, and psychomotor facets. However, Educational psychology recommends a number of instruments and procedures for assessment and evaluation, including tests and experiments.

The state-level workshop's purpose is to acquaint student-teachers with the ideas, measurements, experiments, and assessments that constitute experimental psychology.
